## ILVA TECHNICAL DATA SHEET

PRODUCT CODE: HMMB05x Series

**DESCRIPTION:** Waterbase Multilayer Floor Finish

**USES:** Multilayer for parquets and stairs, open and close pore.

**FEATURES:** Excellent elasticity and floor surface resistance.

**PRODUCT PREPARATION:** HMMB05x Waterbase Multilayer Floor Finish 100 parts

APPLICATION SYSTEM: Brush or roller

FILM THICKNESS: 2.8 - 4.58 mils wet

COATS: Two

**GENERAL PROPERTIES:** Specific Gravity, gr/cc 1.045 +/- 0.01

Viscosity\* 18 +/- 2 sec

Solids by Weight, % as supplied 30 +/- 2 \*Ford Cup #4

GLOSS AVAILABLE: HMMB052 50 Gloss

HMMB054 20 Gloss

DRYING TIME:Dry to touch1 hour(at 20°C/68°F)Dry hard12 hours

Drying schedule by oven 25-60°C 1 hour Walking on (minimum) 5 days

TYPICAL SYSTEMS: Various woods

Stain

Basecoat HMMB05X 1 coat (interval between coats without sanding: 1-3 h)

Topcoat HMMB05X 1 coat

**RECOMMENDATIONS:** We recommend using this product at temperatures above 15°C (60°F) and <70% humidity.

Do not exceed 180 gr/cc per coat. When dilution is necessary we recommend using de-ionized water in order to avoid problems associated with a high concentration of salts. Do not exceed 10% dilution.

Wash all equipemnt thoroughly before and after use.

SHELF LIFE: 12 Months

STORAGE: Store in a tightly closed container at room temperatures (18-25°C/64-75°F) and protect from moisture

and foreign material. Do not store at temperatures below 7°C (45°F)

**DATE OF ISSUANCE:** 12-16, 4-17, 6-23
