

Safety Data Sheet acc. to OSHA HCS

Printing date 08/15/2022

Version number 54

Reviewed on 08/15/2022

1 Identification

- · Product identifier
 - Product number PD1/005
 - · Trade name: <u>SB PAT RED</u>
 - · Application of the substance / the mixture For professional use

· Details of the supplier of the safety data sheet

- Manufacturer/Supplier: IVM Chemicals Srl
 Viale della Stazione 3 -27020 Parona (PV)Italy -Tel +39 038425441
- Information department: Environmental Health and safety office hseoffice @ivmchemicals.com
- Emergency telephone number: ChemTel Expert Assistance Hotline/SDS Fax Access by dialing 1-800-255-3924 or for International +1-813-248-0585.

2 Hazard(s) identification

· Classification of the substance or mixture Flammable Liquids 2 H225 Highly flammable liquid and vapor. Skin Irrititation 2 H315 Causes skin irritation. Eve Irritation 2A H319 Causes serious eye irritation. Toxic to Reproduction 2 H361 Suspected of damaging fertility or the unborn child. Specific Target Organ Toxicity - Single Exposure 3H336 May cause drowsiness or dizziness. Specific Target Organ Toxicity - Repeated H373 May cause damage to the central Exposure 2 nervous system and the hearing organs through prolonged or repeated exposure. Route of exposure: Oral and Inhalation. Aspiration Hazard 1 H304 May be fatal if swallowed and enters airways.

· Label elements

- · GHS label elements
- The product is classified and labeled according to the Globally Harmonized System (GHS). • *Hazard pictograms*

· Signal word Danger

Hazard-determining components of labeling: toluene acetone Distillates (petroleum), hydrotreated light paraffinic xylene
Hazard statements H225 Highly flammable liquid and vapor. H315 Causes skin irritation. H319 Causes serious eye irritation. H361 Suspected of damaging fertility or the unborn child.

4 First-aid measures

· Description of first aid measures

· General information:

Immediately remove any clothing soiled by the product.

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

personal protective equipment for first aid responders is recommended. (please see section 8) · *After inhalation*:

- In case of unconsciousness place patient stably in side position for transportation.
- · After skin contact:
- Immediately wash with water and soap and rinse thoroughly.

Take off immediately all contaminated clothing, include underwear and shoes (if necessary). Rinse thoroughly with plenty of water for at least 20 minutes and take medical advise. If medical advise is needed have products container or label at hand.

· After eye contact:

Rinse opened eye for several minutes under running water. If symptoms persist , consult a doctor.

- · After swallowing: Do not induce vomiting; immediately call for medical help.
- Information for doctor:
 - · Most important symptoms and effects, both acute and delayed
 - For symptoms and effects caused by substances, refer to Section 11.
 - Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

· Extinguishing media

- · Suitable extinguishing agents:
- Alcohol resistant foam
- Alcohol resistant foam, CO, powder, water spray/mist.
- · For safety reasons unsuitable extinguishing agents:
- Do not use a jet water stream as it may scatter and spread fire.

· Special hazards arising from the substance or mixture

During heating or in case of fire poisonous gases are produced. In case of fire, the following can be released: Nitrogen oxides (NOx)

Carbon monoxide (CO)

Advice for firefighters

Cool by spraying with water the containers to prevent product decomposition and the development of substances potentially hazardous for health and also, in the case of closed containers exposed to flames to prevent explosions.

· Protective equipment:

Hardhat with visor, fireproof clothing, suitable gloves and if necessary respiratory protective device.

6 Accidental release measures

· Personal precautions, protective equipment and emergency procedures Mount respiratory protective device. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Keep away from ignition sources · Environmental precautions: Dilute with plenty of water. Do not allow to enter sewers/ surface or ground water. · Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to Section 13. Ensure adequate ventilation. · Reference to other sections See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and storage

· Handling:

· Precautions for safe handling Ensure good ventilation/exhaustion at the workplace. Open and handle receptacle with care. Prevent formation of aerosols. Protect against electrostatic charges. Keep respiratory protective device available. Use explosion-proof apparatus / fittings and spark-proof tools. · Information about protection against explosions and fires: Keep ignition sources away - Do not smoke. Protect against electrostatic charges. Keep respiratory protective device available. · Conditions for safe storage, including any incompatibilities · Storage: • Requirements to be met by storerooms and receptacles: Store in a cool, well-ventilated area, away from heat and sources of ignition Provide solvent resistant, sealed floor.

Observe the label precautions, the expiration date for the use, if not indicated, is from delivery date of goods.

In cases where there is no reported expiration date , it means that the product must be used within 8 months.

- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions:
- Keep receptacle tightly sealed.
- Store in cool, dry conditions in well sealed receptacles.

• Specific end use(s) Those typical of the product and the instructions in the data sheet if required.

10 Stability and reactivity

· Reactivity typical of the product as indicated in the data sheet

- **Chemical stability** The product is stable in normal conditions of storage and use recommended • Thermal decomposition / conditions to be avoided:
 - No decomposition if used and stored according to specifications.
- · Possibility of hazardous reactions Vapours may form explosive mixtures with air
- Conditions to avoid No further relevant information available.
- · Incompatible materials: Acids, alkalis and oxidizing agents
- · Hazardous decomposition products:

in case of possible formation of combustion:

(Contd. of page 10) · Additional toxicological information: Irritant Causes skin irritation. Causes serious eve irritation. Suspected of damaging fertility or the unborn child. May cause drowsiness or dizziness. May cause damage to the central nervous system and the hearing organs through prolonged or repeated exposure. Route of exposure: Oral and Inhalation. May be fatal if swallowed and enters airways. Product contains: Reportable explosives precursors. Making available, introduction, possession and use according to Regulation (EU) 2019/1148. Article 9. · Carcinogenic categories Ethylbenzene From IARC MONOGRAPHS VOLUME 77/2000 Human carcinogenicity data Two studies of workers potentially exposed to ethylbenzene in a production plant and a styrene polymerization plant were available. In the first study, no excess of cancer incidence was found but the description of methods was insufficient to allow proper evaluation of this finding. In the second study, no cancer mortality excess was observed during the follow-up of 15 years. Evaluation There is inadequate evidence in humans for the carcinogenicity of ethylbenzene. There is sufficient evidence in experimental animals for the carcinogenicity of ethylbenzene. · IARC (International Agency for Research on Cancer - Cl. 1 and 2) 64-17-5 ethanol 1 in alcoholic beverages 2B 100-41-4 ethylbenzene · NTP (National Toxicology Program) None of the ingredients is listed. · OSHA-Ca (Occupational Safety & Health Administration)

13 Disposal considerations

· Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

Hand over to hazardous waste disposers.

Dispose of contents and container in accordance with local state and federal regulations.

· Uncleaned packagings:

• Recommendation: Disposal must be made according to official regulations.

	Maximum net quantity per inner packaging: ml
	Maximum net quantity per outer packagi 500 ml

Safety Data Sheet acc. to OSHA HCS

Printing date 08/15/2022

Version number 54

Reviewed on 08/15/2022

Product number PD1/005 Trade name: SB PAT RED

(Contd. of page 13)

· UN "Model Regulation":

UN 1263 PAINT, 3, II

15 Regulatory information

67-63-0 propan-2-ol

· Safety, health and environmental regulations/legislation specific for the substance or mixture Requirements of Federal Register · Various regulations · SARA · Section 355 (extremely hazardous substances): None of the ingredients is listed. • Section 313 (Specific toxic chemical listings) : 108-88-3 toluene 12.5-15% 67-63-0 propan-2-ol 0.5-1% 1330-20-7 xylene <0.5% 100-41-4 ethylbenzene <0.1% · TSCA (Toxic Substances Control Act): All components have the value ACTIVE. · Hazardous Air Pollutants 108-88-3 toluene 1330-20-7 xvlene 100-41-4 ethylbenzene · Proposition 65 · Chemicals known to cause cancer: 100-41-4 ethylbenzene <0.1% · Chemicals known to cause reproductive toxicity for females: None of the ingredients is listed. · Chemicals known to cause reproductive toxicity for males: None of the ingredients is listed. · Chemicals known to cause developmental toxicity: 108-88-3 toluene 12.5-15% · Carcinogenic categories · EPA (Environmental Protection Agency) 108-88-3 toluene \parallel 12.5-15% 67-64-1 acetone 1 5-9.99% 78-93-3 butanone 0.5-1% 1 1330-20-7 xylene 1 <0.5% 100-41-4 ethylbenzene D <0.1% · TLV (Threshold Limit Value) 64-17-5 ethanol A3 108-88-3 toluene A4 67-64-1 acetone A4

Safety Data Sheet acc. to OSHA HCS

Version number 54

Product number PD1/005 SB PAT RED Trade name:

		(Contd. of page 14)
1330-20-7	xylene	A4
100-41-4	ethylbenzene	A3

· NIOSH-Ca (National Institute for Occupational Safety and Health)

None of the ingredients is listed.

· National regulations:

The product is subject to be labeled according with the prevailing version of the regulations on hazardous substances.

· Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
